Date: Ongoing

Participants: All stations

The internship program is promoted on station websites, and through postings with outside sources and at job fairs sponsored by local colleges. These are semester-long, for-credit programs that allow students to experience radio station operation first hand. Interns are offered a hands-on learning experience in Marketing/Promotions, Commercial Production, and Programming. In addition, time is provided for department head managers to answer questions in a formal setting in order to explain and provide context for students on the various procedures, techniques and events they experience during the internship. During this reporting period, the Employment Unit hosted 3 interns from various colleges throughout the region.
